

## "SAILOR" H1214

Dobbelt mikrotelefonset til SAILOR kortbølgeprogram 1000 og 1000/B.

Mikrotelefonen, der er forbundet direkte til SAILOR program 1000 eller 1000/B, har præference, men ellers er der automatisk omskiftning mellem mikrotelefonerne.

Kablet mellem holderne skal være type  $7 \times 0,14 \text{ mm}^2$ , længden er 3 m.

Double microtelephone set for SAILOR Short Wave Programme 1000 and 1000/B.

The microtelephone which is connected direct to SAILOR Programme 1000 or 1000/B has preference, otherwise there is automatic switching between the microtelephones.

The cable between the holders must be of the type  $7 \times 0.14 \text{ mm}^2$ , and the length is 3 metres.
